Serials Update, by Cori Tatulinski

Much like Lakeland Community College, the library serials collection is constantly changing. The library no longer receives the periodicals; **American Heritage, Harper's, and Advertising Age**. Two publications **American Demographics** and **Aikido Today**, have recently ceased publication. The dental publication, **Perio Reports**, is now included in **Hygienetown**.

New periodical titles added to the collection this year include; **Firehouse, The New York Review of Books**, and **Inside Business**. And since our faculty and students have requested it, we are once again subscribing to **Poetry**.

Join the Book Discussion Group@Your Library, by Linda Glasser

Please join the staff of the Lakeland Library in our lively discussions of many of today's popular book titles.

Our next title is **Reading Lolita in Tehran: A Memoir in Books** by Azar Nafisi. In this book, a group of Iranian women discuss their harassment at the hands of "morality guards" and the daily indignities of living in revolutionary Iran in the 1980's.

Reading Lolita in Tehran will be discussed on Tuesday, September 27, at 12 noon, in the library.

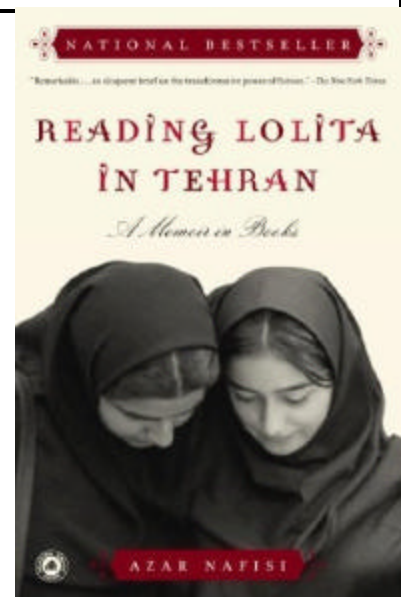

Future Book Discussion Group selections include:

Extremely Loud and Incredibly Close, by Jonathan Safran Foer (November 2)

and

The Boy Who Loved Anne Frank, by Ellen Feldman (December 6).

The book discussion group is free and open to faculty, staff, administrators and the community. Please join us!

NEW POLICY ON LAKELAND IDs:

Lakeland ID Cards now required for student's to use Library

Please let your students know that beginning this term, students are required to have their **Lakeland ID card** to activate an account with the library, and to borrow materials.

Library Reserves, by Judy Schmidt

Many departments and faculty members are discovering how **electronic reserves** can benefit students and themselves. Using **electronic reserves** saves **print costs** to Lakeland by having each student responsible for accessing and printing required class materials. Faculty will **save time** distributing items in class, and **time** taking items to the copy center. Students benefit since materials are available to them **24/7**.

To arrange an appointment for a one-on-one demonstration of **electronic reserves**, call Judy at **x7463** or e-mail: jschmidt@lakelandcc.edu. Judy is available daily Monday thru Friday but can also be available for evening demonstrations.

The library has also has a **textbook reserve**. Since purchasing a textbook is a hardship for some students, having a textbook to use in the library is appreciated. If you have any extra copies of a textbook currently being used for your classes, consider placing them on **textbook reserve**. Contact Judy Schmidt at x7463 to arrange for pick up.

OhioLINK's New LearningExpress Library, by Tom Hyland

The LearningExpress Library, a new OhioLINK database, is a collection of interactive exercises, courses, and tests. Along with many skill-building exercises in math, reading, and writing, the collection features a large variety of practice standardized tests such as college entrance exams and teacher certification exams.

LearningExpress Library immediately provides the user with scores and answer explanations for every activity completed. After creating an account at a computer in the Lakeland Community College Library, you can access the LearningExpress Library from any location. If you want to refresh your math skills, prepare for a Civil Service Exam, strengthen your interviewing skills, or improve your skills in some other area, the OhioLINK LearningExpress Library is a resource you do not want to miss.

Research Alert: When Students are Told NOT To Use the Internet for Research, by Michelle Rossman

Faculty, when you tell your students that they are not allowed to use the Internet for research, it causes a lot of confusion. Please specify to your students that they may use the OhioLINK research databases (accessible via the Internet). Questions? Please call the reference librarians at x7425

How will I know what resources I should use for my assignment?

Laptop Computers in the Library, by Linda Glasser

Four new Dell laptop computers are now available for check-out at the circulation desk, **for in library use only**. The new laptops have wireless capabilities and can be used anywhere within the library. The laptops are available to all users on a first-come, first-served basis. For more information, please call the circulation desk at x7424.

Books and Breakfast @ Your Library, by Linda Glasser

Over 55 faculty, staff and administrators attended the Library Open House, **Books and Breakfast @ Your Library**, held during Fall Conference week. Area Bed and Breakfast Inns, the President's office and the library staff combined to donate over sixteen door prizes to the event. Teapots, teacups and Victorian items from the open house will continue to be on display in the library until September 16.

Library Mission Statement

The Lakeland Community College Library is a full partner in the teaching and learning process of the college community. As the major information resource on campus, the library supports quality opportunities for lifelong learning by acquiring materials in support of the curriculum, providing access to those materials, and teaching information literacy skills.

General Education Outcome # 6: Uses Information Effectively and Responsibly

The information literate learner accesses and uses information effectively and responsibly. The learner:

- Develops an effective search strategy
- Evaluates, selects, and critically analyzes information
- Uses and manipulates information responsibly, ethically, and legally
- Uses technology to access and manage information

"Students First" @ Lakeland Library, by Linda Glasser

Continuing our goal of "Students First" at Lakeland Library, students, along with faculty and staff, can now keep the books they borrow from other OhioLINK libraries for up to 15 weeks, as long as another user has not requested the materials. OhioLINK books may be checked out for three weeks and renewed up to four times, if no one else is waiting for the item, for a total maximum borrowing period of 15 weeks. Users can request and renew OhioLINK books and local library materials online by accessing the library's Web site at library.lakelandcc.edu through "My Account" on the library menu. Users can also check their record for the status of renewed books and new due dates.

This new renewal option will allow our students access to OhioLINK books for a complete semester, rather than just six weeks, keeping "Students First" @ Lakeland Library.
